Montana State Government

Dear Fellow Montanans:

Our state government continues to experience a time of downsizing and transition. Such times can create some real challenges. But they can also create real opportunities not only to reorganize and redirect the efforts of our state's many dedicated employees but also to refocus our attention on why we are in state government—to provide a service to the people, the owners of our government, as efficiently and effectively as possible.

Sometimes in some places governments can be seen as large and impersonal. Montana, however, is unique in that we still talk TO each other here, not AT each other. To reflect this special personality and neighborliness, the cover of this year's phone book is different. As you will note, it does not contain a stunning image of our state's magnificent geography or scenery.

Instead, this year's state phone book begins with the faces of a few state employees, our co-workers and neighbors, some of the people you will be talking with when you call a state agency. Given the pressures of modern life on all of us, it is essential to remind ourselves daily that ours is not an impersonal state or an impersonal state government.

Montana state government is a far-flung collection of diverse human beings whose skills, talents, dedication and dreams help make and keep our corner of God's good earth as special as it is. These few faces are symbolic of the thousands of state employees who labor daily across our 148,000 square miles of geography to preserve our state and to serve its people.

This phone book is published later this year to include most of the changes caused by the historic government reorganization of 1995-96. This reorganization, the first in more than a generation, was designed to instill a new efficiency and common-sense rationality to many government operations. Reorganization's scale and complexity are immense. Yet it is proceeding smoothly. We appreciate your patience should you find in the coming months that a final few numbers or addresses have changed.

As always, I wish you and yours a healthy and prosperous 1996, our 107th year of statehood.

Warmly,

Marc

MARC RACICOT
Governor

SERVICES FOR CUSTOMERS WITH DISABILITIES

Montana Relay Service

Montana Relay Service is a communications service that links deaf, hard of hearing, speech-impaired, and hearing people via the telephone. To use this service, dial the appropriate number below. Give the agent the number you would like to call, and he or she will stay on-line to relay the conversation. You can talk directly with the person you are calling. All calls and information are confidential. This 24-hour relay service is provided at no cost to callers. Long distance calls will be billed accordingly.

STATE TELEPHONE NETWORK (STN) USAGE

The state's telecommunications facilities are provided for the conduct of state business. In addition to state business, the state's telecommunications facilities may be used by state employees and officials for local and long distance calls to latch-key children, teachers, doctors, day care centers, baby sitters, and family members to inform them of unexpected schedule changes and other essential personal business. The use of the state's telecommunications facilities for essential personal business must be kept to a minimum and not interfere with the conduct of state business. Essential personal long distance calls must be collect, charged to a personal third-party number, or charged to a personal credit card.

The state's telecommunications facilities include any state-owned, leased, contracted for, operated, or maintained telecommunications equipment, services, or facilities, including private branch exchanges, telephone key systems, teleconferencing systems, local and long distance telecommunications circuits, data communications equipment, video capabilities, land mobile radio equipment, telephone credit cards, facsimile equipment, and voice mail.

All in-state and out-of-state calls made on the State Telecommunications Network (STN) are billed to the originating state telephone number.

TROUBLE REPORTS

Report telephone service or equipment trouble conditions to 444-4455. There is no charge for repairs unless work is performed after normal business hours. Report data network or LAN problems to 444-2000

STATION ADD/MOVE/CHANGE REQUESTS

Telephone Service Request (TSR) forms are required for installation, modification, removal, or other changes to your service. Forms may be obtained from your telephone coordinator. TSRs should be submitted to the Telecommunications Operations Bureau at least 15 days prior to date of change. This will allow both technical and financial options to be reviewed and ensure accurate processing of the service request.

Telecommunications technicians are the only authorized personnel having permission to unplug, plug in, move, and take apart telephone equipment, modular cords, and jacks. Conduit or raceway is required for all new telephone jacks.

CONFERENCE CALLS

There are five ways in which conference calls can be made:

- 1) Single-line phones can be used to set up a three-party conference call: Call the first party, and when they are on the line, flash the hookswitch; after the three beeps and dial tone, dial the second party; announce the conference; flash the hookswitch to connect both to you.
- 2) Multi-line sets can be used to set up a six-party conference; however, the conference is limited to three off-capitol complex conferees in the following manner: Call the first party, and when they are on the line, press the Conf 6 button; after the three quick beeps and dial tone, dial the second party; announce the conference; press the Conf 6 key again to connect all three of you; repeat for the additional calls.
- 3) Purchase a speaker phone attachment for your electronic (SL-1) telephone. This speaker allows people in your office to hear the conversation. You can make one call or conference in up to five additional calls on the phone. Your telephone coordinator will assist with this.
- 4) For larger rooms and more people participating, borrow a teleconference unit from the Telecommunications Operations Bureau (call 2586) to be used in your office or a conference room on the capitol complex (you must use a single-line jack). The instructions for use are included with the equipment. This system works well when a group of people in a room want to talk to one person off campus, such as during a job interview. A large speaker sits in the center of the table so that all people can participate in the conversation.
- 5) Confer Tech Teleconferencing Bridge (24 line), which is located in the Mitchell Building. The bridge can be operated in one of the following three ways: a) Manual meet-me - All participants call in at a predesignated time and are connected to the conference under the control of the operator; b) Automatic meet-me - Incoming calls are answered and conferenced automatically; or c) Operator dial-out - Operator dials all conferees, calling the moderator last.

GENERAL INFORMATION

Conference calls using the bridge should be scheduled at least 1 day in advance.

USAGE. Toll charges based upon the state's current network rate will be charged for all conference connections. Actual cost will vary based on time, distance, and the number of conference connections.

SETUP CHARGE. Based on the number of conference participants per conference, the following setup charges will apply:

<u>Number of Participants</u>	<u>Set up Charge</u>
1 to 5	\$10.00
6 to 10	\$20.00
11 to 15	\$30.00
16 to 20	\$40.00
21 to 24	\$50.00

For further information call 444-2511.

VIDEO TELECONFERENCE CALLS

Two-way interactive video teleconferencing using the METNET systems is available for use by state agencies, Office of Public Instruction, and state units of Higher Education. Video conferencing sites are located in Helena, Missoula, Billings, Bozeman, Havre, Kalispell, Miles City, Great Falls, Warm Springs, Dillon, and Butte at the following locations:

GENERAL INFORMATION

LONG DISTANCE COSTS

All long distance invoicing is prepared by the State Telecommunications Operations Bureau in Helena and then distributed and billed to various agencies monthly.

The State Telecommunications Operations Bureau uses the US West Communications and AT&T Tariff Rates and then reduces the billing by approximately 45 percent for users of the state telephone system.

TELEPHONE CALLING CARDS (Business Only)

Credit cards are distributed by the Telecommunications Operations Bureau. Contact the Telecommunications Operations Bureau at 444-2455 with your questions. Requests for credit cards should be submitted through your agency telephone coordinator to the Telecommunications Operations Bureau. Invoicing is included on the State Telecommunications long distance telephone bill.

TO USE THE NEW SPRING VPN FONCARD CREDIT CARD (gold State of Montana logo in the upper left-hand corner):

INSTATE: Dial 800+877-8000, receive dial tone, dial 0+406 plus the 7-digit number you are calling, then enter credit card PIN number when prompted by the tone.

INTERSTATE: Dial 0+800-877-8000, receive dial tone, dial 0 plus the number you are calling (including area code), then enter credit card number and PIN number when prompted by the tone.

INTERNATIONAL: Dial 8+1+800+877+8000, listen for tone. Dial 01 + country code + city code + local number, then enter credit card number and PIN number when prompted by the tone. Please remember that not all international calls can be directly dialed, so you must call the Sprint operator. Your new credit card will also work from a foreign country to the USA.

To make more than one call, do not hang up after the first call; press the # button for 2 seconds and enter the next number you wish to call; there is no need to re-enter your card number.

TELEPHONE DIRECTORY CORRECTIONS

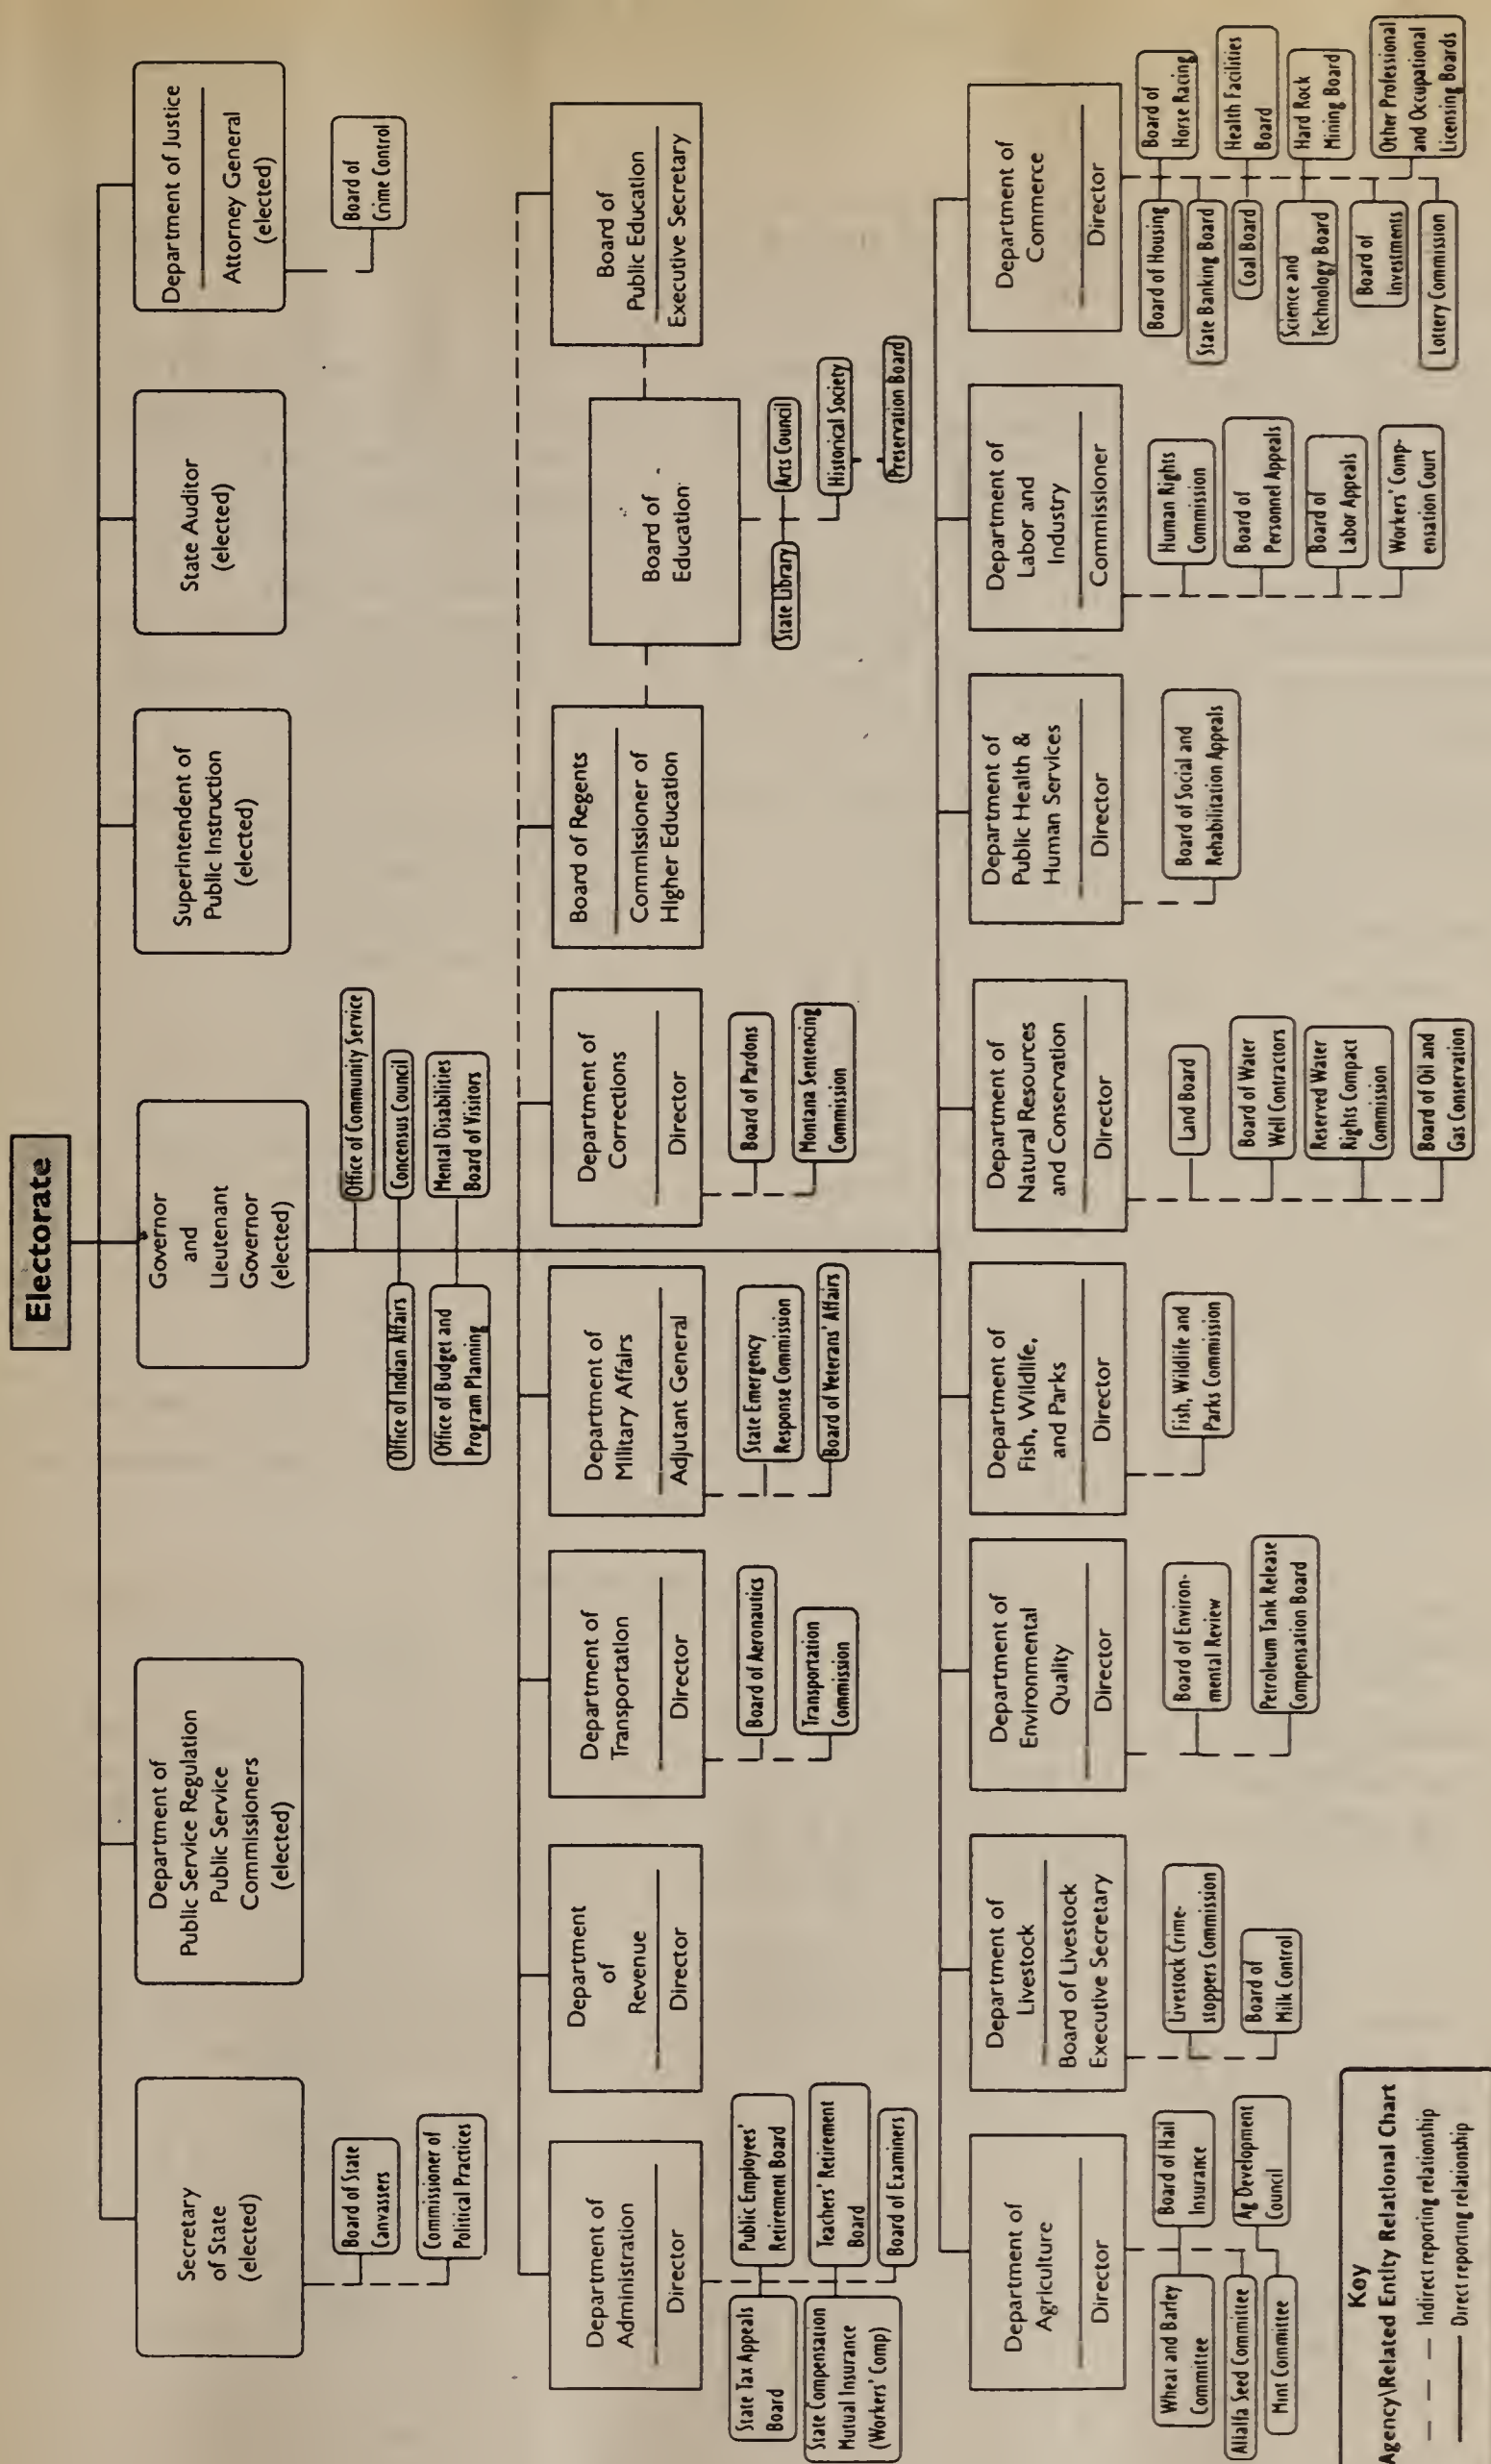

Telephone System Information and Departmental Listings - Call or write to the Telecommunications Operations Bureau - 444-2586.

Individual Listings and Staffing by Department - Request your agency telephone coordinator submit the Personnel Directory Form to the Telecommunications Operations Bureau. The corrections will be entered in the telephone operator's computerized directory immediately and be used to update the printed directory.

CAPITOL COMPLEX INFORMATION

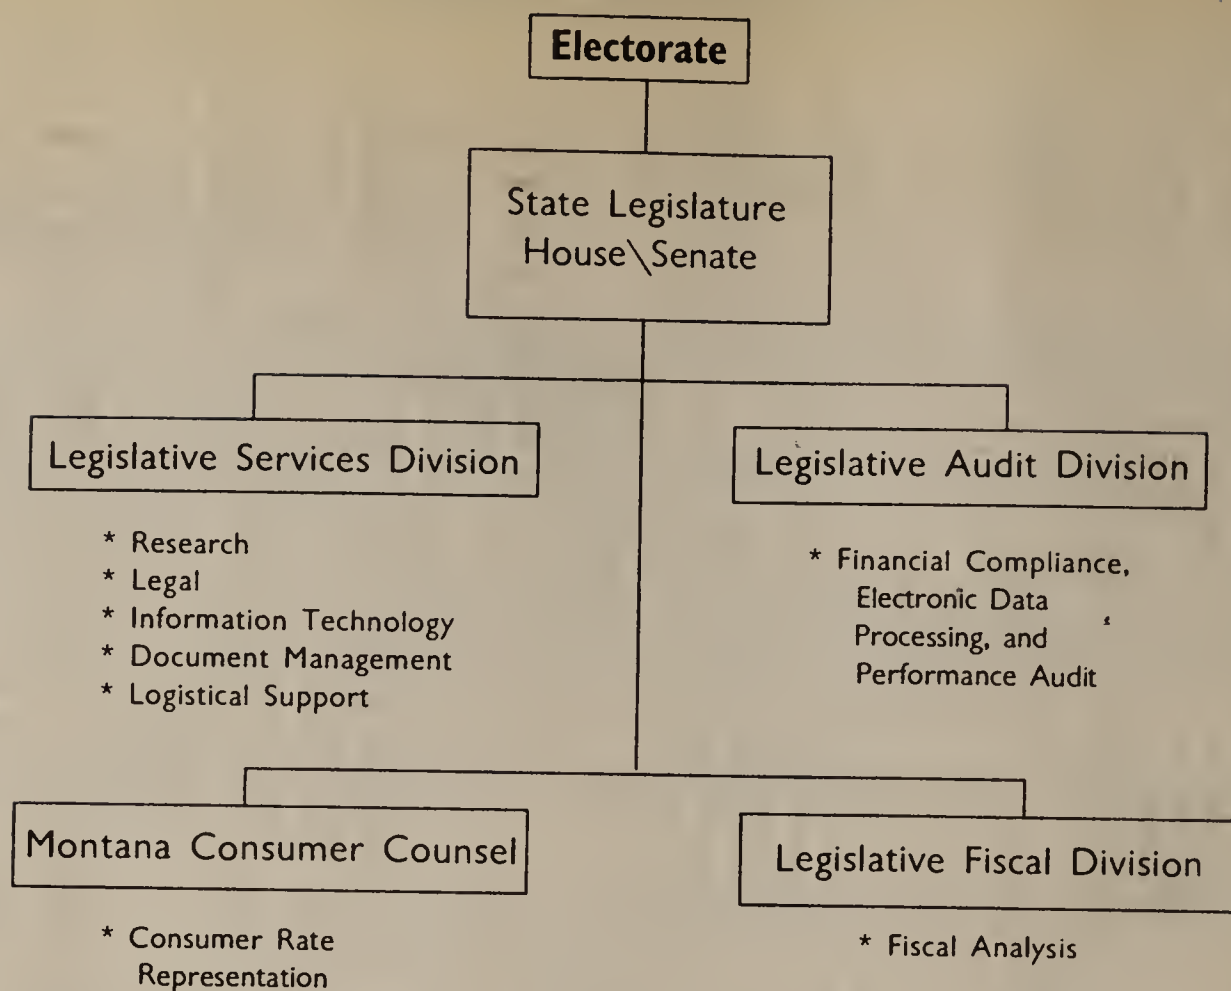

This directory is published by the Telecommunications Operations Bureau. If you have any questions, please call 444-2586. The state government operators handle capitol complex information and will place long distance calls if required. The hours are 7:30 a.m. to 5:00 p.m., Monday through Friday; closed weekends and holidays.
